TRAILERS WITH A LEGACY

DECK OVER TAG TRAILERS

# BUILT STRONG. BUILT TO LAST.

Redi Haul's Deck Over TAG Trailers feature a deck positioned above the wheels, which increase their ability to accommodate wider loads. Coming standard with a beavertail, equipment becomes safer to load. Equipped with foldable heavy duty ramps, loading is fast and easy. These trailers excel in transporting mid-size equipment like construction machinery, railroad machinery, dozers, backhoes, and more.
